# HIV Treatment and Support for foreigners living with HIV <Taiwan>

## (1) Steps toward HIV government subsidized HIV treatment (ART hereafter)

Step 1	Get HIV test at an HIV-designated hospital and receive the result. The list of HIV-designated hospitals can be found <a href="here">here</a> .
Step 2	Purchase HIV medications and leave the record of purchase in national health system as early as possible. HIV-related services can be used 2 years after the first purchase of medicine.
Step 3	Enroll in National Health Insurance (NHI)
Step 4	During 2-years waiting period, PLWH must maintain HIV treatment through other means; go back to one's home country for checkup and treatment, send drugs from home country, purchase through online pharmacy.
Step 5	Get regular blood tests including CD4 and viral load at a clinic or HIV-designated hospital.

### (2) Options to get ART if you do not meet condition for government subsidy

During 2 years waiting period mentioned in Step 4, there are several ways to maintain HIV treatment in Taiwan.

- 1) Purchase ARV from <u>HIV-designated hospitals</u> in Taiwan without subsidy. However, first line treatment costs around 13,200 NTD (approx. 440 USD) per month.
- 2) Have send drugs from home country. In this case, it is necessary to apply for TFDA personal use drug importation approval in advance. The detailed instruction can be found <a href="here">here</a>.
- 3) Purchase through on-line pharmacy, It is necessary to apply for TFDA personal use drug importation approval in advance. The detailed instruction can be found <a href="https://example.com/here">here</a>.
- 4) Go back to one's home country for checkup and treatment
- 5) Feel free to contact us at <a href="mailto:service@praatw.org">service@praatw.org</a> for futher information.
